

Ingenious METHODS to

EXHIBIT

& MAGNIFICENTLY

DISPLAY

*your wares for
discerning BUSINESSES like yours*

EXHIBITIONS & DISPLAYS

Sometimes it's not just what you say, it's how you look when you're saying it.

Our Exhibit range gives you the tools to emphasise your message. For the first time, create enormous eye-catching displays... without the eye-watering price tag.

Seeing is believing. Drop by your neighbourhood Nettle studio and chat about how we can help you get prepared for your next event with our Exhibition Range.

Let's go!

HOW FABRIC DISPLAYS WORK

Our Fabric Displays are made up of two main components - a strong, lightweight, tubular aluminium frame and a printed fabric cover. The 'Stretch' fabric cover is printed and designed to fit snugly over the frame, and is secured at one edge with a zip fastening. These 'next generation' displays deliver impact and completely eliminate the problem of visible join lines on larger displays.

Fabric display frames utilise a simple 'click together' mechanism.

Each part is numbered for easy identification and quick assembly.

Stretch the fabric graphic over the frame and zip up.

All fabric display frames come with a carry bag for easy transportation and storage.

Pull Up Banners	23
Footpath Signs	23
Flags	23

CURVED WALLS

Ever had to build one of those frames with magnetic bars and panels of graphics? Not fun.

Our curved backdrop displays pop up in minutes. Each has a continuous graphic, so you don't need to worry about lining up panels - stretch your message across the whole stand.

They're optionally double sided too. And the magic of stretchy fabric is you can flip which side is front each time. One message at one event, flip, different message at the next.

STRAIGHT WALLS

These straight backdrops are just as imposing as the curved ones, but have a slightly smaller footprint. They are similar set up to the Curved Walls, but with little feet to keep it upright!

MARQUEES

Printed marquees (aka Gazebos) are all the rage at farmer's markets, festivals and fairs. In every case, the marquee frame is the same. It's compact for storage, then pops up and locks into place.

Each canopy is a water resistant material that'll keep you and your stock dry if it rains.

Clip on the number of sides you want. A full height wall hangs from the top, or you can choose half height walls, which come with a rail. Why not print a half height wall for the front too, to act as a cool branded counter?

Request a quote for a Marquee with your choice of walls!

POP UP IN 4 STEPS!

1. Frame contracts to compact size.

2. Pull the legs outwards – the frame builds itself.

3. Place the canopy on top of the frame.

4. Arrange the corners of the canopy... and done!

COUNTERS

Counters are essential for any stand. They give space for people to huddle around, lean on and of course, display collateral.

With many options, you'll be sure to find one to fit your brand and style.
